Eliminate Odors Inside and Under Office/School Buildings and Residential Homes

All types of odor issues can affect homeowners, businesses and schools at any given time. These odors can occur from waste or septic leakage, animal waste, dead animals/rodents, skunk spray and other odor sources. When severe odors occur and become trapped under home/building foundations, the smell can be unbearable. BioWorld's Odor Control Technology is the answer to resolve these persistent odor issues with our environmentally safe BioWorld Liquid Optimizer Plus, **concentrated** odor neutralizers, foggers and accessories.

Liquid Optimizer Plus is a unique **concentrate** bioenhancement liquid with added odor neutralizing compounds. Diluted Liquid Optimizer Plus (2 – 25%) can be sprayed directly onto organic matter to help accelerate the degradation process while minimizing odors in the process.

BioWorld Odor Neutralizer Concentrate (BON) is absolutely the best product available for neutralizing odors. BON is a completely safe and natural liquid formulation that eliminates offensive odors at the source. While many products only mask odors with strong scents, the BON technology neutralizes unpleasant odors making them undetectable to our sense of smell. BON can be appropriately diluted (2 – 10%) and fogged directly into rooms or warehouses and/or the air or ventilation system using a Triple Nozzle Fogger, Noz-L-Jet Fogger, drum mounted fogger or industrial misting system. Any fogger can be set up with a repeat cycle timer to automate the frequency and duration of odor neutralizer application.

Other BioWorld clients have successfully used the BioWorld Odor Neutralizers, Optimizer Plus and Fogging Equipment for numerous types of odors associated with downtown areas. Repeat cycle timers, turntables and customized misting systems are also available.

Industrial and Commercial Applications – Liquid Optimizer Plus

#55014 Liquid Optimizer Plus **Concentrate** 1 gallon

#55414 Liquid Optimizer Plus **Concentrate** 4 x 1 gallon case

#55064 Liquid Optimizer Plus **Concentrate** 6 gallon
